

# CLIMATE CHANGE POLICY

Tata Housing will play a leadership role in climate change by being knowledgeable, responsive and trustworthy and by adopting environment-friendly technologies, business practices and innovation, while pursuing their own growth aspirations and the enhancement of shareholder value.

Tata Housing will measure its carbon footprint and will strive to:

- Be the benchmark in the real estate sector on the carbon footprint, for its projects.
- Engage actively in climate change advocacy and the shaping of regulations.
- Incorporate 'green' perspective in all key organizational processes.
